II. Remarks

In the office action dated August 9, 2006, the examiner objected to Claims 2-10, 12-20, 22-29, and 31-33 as being dependent upon a rejected basic claim. Applicant has amended each independent claim to incorporate an allowable dependent claim.

As amended, and for the reasons stated above, the applicant submits that the claims of the present application are not fairly taught by any of the references of record, taken either alone or in combination. Therefore, allowance of the present application is in order, and is requested.

Respectfully submitted,

Rudolf O. Siegesmund
